

CASSIUS REYNOLDS

SOFTWARE ENGINEER

Bay Area, CA, United States | cassius.reynolds.dev@gmail.com | (707) 724-1815

PROFILE

Full-stack software engineer with 2+ years of experience building and scaling production web applications. Deep knowledge of React, Next.js, TypeScript, Express, SQL/NoSQL, and REST APIs, with hands-on ownership of authentication, billing, and cloud infrastructure on AWS and Google Cloud. Contributed to architecture decisions and developer experience (DX) practices while delivering multiple professional systems as a full-time engineer. Successfully completed 4+ paid freelance projects. Working knowledge of Python and Go for backend services, tooling, and automation. Proven collaborator focused on building secure, scalable, and maintainable software systems.

PROFESSIONAL EXPERIENCE

Frontend Engineer, SyncSmart

Jul 2025 — Present

Remote

- Led multiple production projects with end-to-end ownership, maintaining responsibility for delivery, quality, and long-term support.
- Assigned and coordinated work across developers while contributing the majority of implementation on owned projects.
- Drove architecture and developer experience (DX) decisions to improve scalability, reliability, and team velocity.
- Partnered with product owners to define technical solutions and navigate complex system constraints.
- Implemented and supported CI/CD pipelines, coding standards, and best practices across projects.
- Established structured documentation to support AI-assisted development and improve team knowledge sharing.
- Built and integrated systems with CRM and ERP platforms, OAuth providers, and handled authentication and billing workflows.
- Worked cross-functionally to deliver data integrations and platform-level features.

Junior Data Integration Platform Engineer, SyncSmart

Apr 2025 — Jul 2025

Remote

- Optimized and migrated legacy codebases to modern systems, improving maintainability and performance.
- Led greenfield projects with full ownership, delivering new features and services from initial design to production.
- Collaborated closely with product owners and cross-functional teams to align technical solutions with customer requirements.
- Built production features using Next.js 16, React 19, tRPC, NextAuth, and Postman for API development and testing.
- Contributed to system modernization efforts and improved development workflows.

Freelance Developer

Feb 2023 — Apr 2025

EDUCATION

Southern New Hampshire University

Oct 2025 — Present

Bachelor of Science in Computer Science

With a concentration in software engineering, this degree is focused on software design, secure coding, UI/UX principles, reverse engineering, and testing methodologies. Emphasis on building reliable, user-centered, and maintainable software systems. I am on pace to complete this degree by 2028

General Assembly

May 2024 — Aug 2024

Software Engineering Immersive

Completed an intensive, full-time software engineering bootcamp focused on full-stack web development. Gained hands-on experience with JavaScript, React, Node.js, Express, SQL, and NoSQL databases. Developed and deployed multiple full-stack applications, collaborating in Agile environments to solve real-world coding challenges.

Azusa Pacific University

Sept 2017 — Dec 2021

Bachelor of Communication Management, Azusa, CA

Focused on organizational communication, conflict resolution, interpersonal communication, and professional communication. Gained expertise in social diversity, international communication, and strategic messaging, equipping

me with strong analytical and interpersonal skills for collaboration, leadership, and problem-solving in diverse environments.

TECHNICAL SKILLS

React	Next.js	TypeScript	SQL
NoSQL	Express	REST API	Python
HTML & CSS	GraphQL	Cloud Infrastructure	UX
Cypress E2E Testing	Git	Interpersonal & Organizational Communication	Leadership

EXTRA-CURRICULAR ACTIVITIES

APU Football Team Jun 2017 — Dec 2021

Azusa, CA

Elected to leadership positions in three of my four seasons

Black Student Association Board Aug 2018 — Dec 2021

Azusa, CA

Help organize and facilitate meetings, activities, conversations, and events for the Black Student Association at Azusa Pacific University
